

Ava Soft White Wheat

Agronomic Features

AVA is a full season variety, white chaffed, awnless, high yielding soft white winter wheat variety with excellent winter hardiness. Ava does show some scab tolerance and lower DON levels. Ava is determined to have acceptable milling and baking qualities, similar to other varieties commonly grown in Michigan.

Marketing

Ava is marketed by Harrington Seeds, Inc. Ava will be sold by variety name as a class of Certified Seed. For more information on Ava wheat can be obtained by contacting Harrington Seeds, Inc. or the MCIA office.
