

MCIA Venus Soft White Wheat

Genetic Information

MCIA Venus is a new awned, white chaffed soft white winter wheat variety released from VTIP. MCIA Venus has a very good disease package including improved resistance to Fusarium head blight and Powdery Mildew. MCIA Venus has good tolerance to BYD virus, stripe rust, leaf rust, and Black tip. MCIA Venus also has some sprout tolerance.

Agronomic Features

MCIA Venus is short with average lodging resistance. It has good test weight averages with early maturity. MCIA Venus has good yield potential.

Marketing

The USDA Soft Wheat Quality Laboratory, Wooster Ohio in evaluations of samples of MCIA Venus has found it to have acceptable quality.

MCIA Venus is protected under the **Plant Variety Protection Act - Title V**. Seed of this variety can only be sold by variety name as a class of Certified Seed. Authorized seed classes will be Breeder, Foundation, and Certified.
